

# HYUNDAI TRANSLEAD RECON CHASSIS

# Tailored Reconditioning Solutions for Your Chassis Fleet

Hyundai Translead's reconditioned chassis offer a smart and sustainable solution while maintaining unparalleled performance and reliability for your operations.

## Quality you Can Trust

---

We hold our reconditioned chassis to the same high-quality standard as our new products. Each unit undergoes thorough testing and uses genuine OEM parts, ensuring consistent, reliable quality.

## Environmental Benefits

---

Our reconditioning process supports a circular economy, extending chassis life and reducing environmental impact.

## Cost Efficiency

---

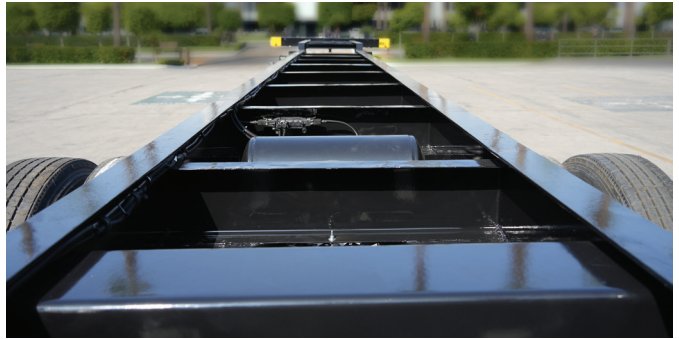

Reconditioned chassis deliver savings with the same reliability as new models. Maximizing your budget without compromising performance is a smart alternative for any operation.

To ensure structural integrity, all parts are restored, strengthened, or replaced based on the chassis' condition and the customer's request.
