

HYUNDAI LATITUDE™ FLATBED

 **HYUNDAI TRANSLEAD**

LATITUDE™

Setting a New Standard for Flatbeds

This flatbed combines lightweight construction with exceptional strength and durability. Designed with the driver's efficiency and maneuverability in mind, it offers effortless operation, making it a dependable choice for modern transportation needs.

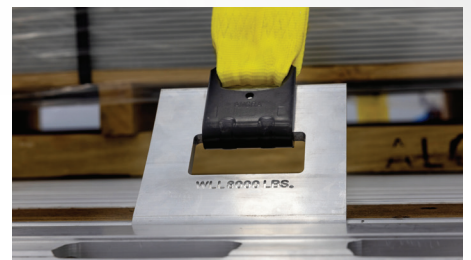

STANDARD FEATURES:

Rear Storage Box: Provides convenient storage for drivers to store tools and equipment.

High Impact Side Rail: Constructed for protection against damage caused by side impact.

J-Hooks & J Tracks: Secure tie-down points for stable cargo transport.

Rear Ladder: Innovative fold-out rear ladder with handrails enhances driver's maneuverability.

Under Lighting: Enhances visibility and safety for nighttime loading, unloading, and roadside operations.

Hot-Dipped Galvanization:

- Upper coupler
- Steel crossmembers
- Landing gear
- Mounting brackets
- Impact guard
- Turn signal brackets

Durability and Quality

Constructed with high-strength steel and aluminum, ensuring exceptional durability and quality to withstand the harshest conditions.

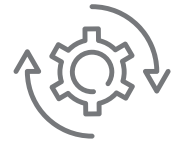

Ease of Use

Designed with drivers in mind, ergonomic enhancements improve efficiency and provide easier access to cargo.

Repairability

This unique design offers quick replacement of components for repairs without compromising the structural integrity.

Customization

Available with various customized options that can be tailored to fit your needs, including the rolling tarp, forklift package, side ladder, and side storage box.

Product Specifications

Length	32' to 53'	
Width	102"	
Fifth Wheel Height	47" (Nominal)	Rear Deck Height 54 5/16" (Maximum)
Concentrated Load Rating	60,000 lbs in 10'	55,000 lbs in 4'

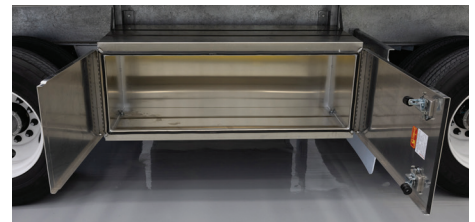

OPTIONAL FEATURES:

Rolling Tarp

Side Ladder
