YOUR NEEDS - - - - - >

**More volume, more load.
Your Manac semitrailer.**

Adapted to your reality. Built to last. Rugged and light, reliable and complete. Designed to give you more.

To load it all, your Manac dump trailer. The champion in stability and ease of off-loading. To move it all, your Manac lowbed. The best equipped lowbed in the industry.

Exceptional design. Unique details. Ingenious options. Outstanding construction. Everything you need to maximize your operations.

The Manac team. Semitrailer specialists, hands-on professionals. Expert advice. Real after-sales service. People who are passionate and proud... just like you.

**WITH MANAC,
TRANSPORT ANYTHING, ANYWHERE,
ANYWAY YOU WANT. 10-4.**

STURDY, RELIABLE, AND LONG-LASTING. TO TAKE YOU WHEREVER YOU WANT.

< - - - - - HOWEVER YOU

SQUARE END DUMP

Standard features

Plug-welded coupler plate
Benefit: Better contact with the frame

Pyramid-shaped dog house
Benefit: Low friction when unloading

Four-finger door-locking mechanism with stainless hook plate
Benefit: Eliminates the need for a compression lock at the bottom of the door

Swivel points mounted outside of main beams
Benefit: Greater stability

BATHTUB-STYLE END DUMP

Standard features

Front-wall outboard-mounted trunnion hoist
Benefit: Easy access

Swivel points with replaceable shaft and integrated lubrication system
Benefit: Low replacement cost

Rear fenders integrated into walls
Benefit: Eliminates maintenance

Vertical pull plate integrated into the frame
Benefit: Prevents the accumulation of debris

LOWBED

Standard features

Adjustable gooseneck height
Benefit: Increases ground clearance

Outriggers made of high-strength steel
Benefit: Greater load width

Fabricated crossmembers between main frames
Benefit: Increased storage space

Fully equipped rear bumper
Benefit: No after-market modifications required
